

Questions and Answers for AAI070900-13-001

Question: **Should the quote include the removal of the existing monitors and mounting apparatus in addition to the installation of the new mounting apparatus between the beams and the mounting of the monitors to the new structure?**

Answer:

No. The removal of the existing monitors and mounting apparatus will be done by the government.

Question: **Does the installation require any connectivity**

Answer:

No. There is not a specific requirement for connectivity. If the vendor quote provides connectivity this would be acceptable.
